Message

FROM THE
DEPUTY VICE
CHANCELLOR
(ACADEMIC &
INTERNATIONAL)

The Student Holistic Empowerment (SHE) Program is cornerstone of Universiti Malaya's commitment to fostering well-rounded, future-ready graduates. As we continue to shape the UM DNA, I am delighted to see this initiative growing stronger and evolving to meet the demands of a dynamic and ever-changing world.

The SHE courses are designed not just to impart knowledge but to instill lifelong soft skills that will set UM students apart. I hope that these courses will be more than just an academic exercise – they will be experiences that transform students into confident, resilient, and ethical individuals capable of excelling in diverse professional settings. The aim is to equip students with the competencies sought by industries globally.

To the faculty members, I urge you to continue developing and refining courses that nurture vital attributes. Courses emphasizing communication, professionalism, teamwork, and strategic thinking, for example, are critical in ensuring our graduates remain highly sought after by employers and can create meaningful change in their communities.

As we move forward, I encourage all students to fully engage with this program, seize every opportunity to learn, and build networks that will benefit you for years to come. I am confident that with hard work and determination, you will carry the essence of the UM DNA with you and make a difference wherever you go.

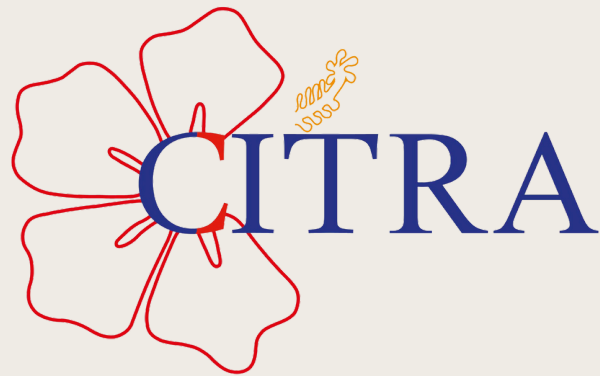

On a final note, I would like to extend my sincere appreciation to all CITRA staff for their tireless efforts in managing and coordinating the SHE courses together with the Responsibility Centres, and for developing this comprehensive handbook.

Salam hormat.

Professor Dr. Hasniza Zaman Huri
Deputy Vice Chancellor
(Academic & International)

INTRODUCTION

ILLUMINATING PATHS TO FUTURE-READY GRADUATES

The Student Holistic Empowerment (SHE) Courses at Universiti Malaya are designed to provide students with a well-rounded education, equipping them with essential soft skills, cognitive abilities, and a global outlook. These courses align with the Graduate Student Attributes (GSA) and the DNA of Universiti Malaya, ensuring that graduates are prepared for both professional careers and lifelong learning.

SHE courses focus on developing personal skills such as critical thinking, leadership, and digital literacy, as well as enhancing sustainability awareness, all of which contribute to personal well-being. The aim is to cultivate students who are well-prepared to navigate the challenges of the modern workforce while making meaningful contributions to society.

01.

Graduate Student Attributes (GSA)

02.

DNA of Universiti Malaya

These courses are structured to encourage exploration and experimentation, promote interdisciplinary learning, and foster critical discourse. Learning activities involve a blend of lectures, problem-solving exercises, research-based projects, industry collaborations, and experiential learning modules.

HISTORICAL TIMELINE OF SHE COURSES

The proposed SHE course was officially presented by the then Deputy Vice Chancellor (Academic & International) to all the Deans/Directors on 15 July 2019, following the Undergraduate Curriculum Review Workshop held on 28 May 2019.

First Workshop: Coordination of Student Holistic Empowerment (SHE)

Held on 31 July and 1 August 2019 at the Faculty of Malay Studies, the workshop gathered faculty-appointed coordinators to ensure course suitability within their respective themes. Key discussions included course confirmation for each theme, appropriate name and acronym for the programme and course offering mechanism and technicalities

Second Workshop: Discussion amongst expert reference & coordinator of SHE courses

The workshop, held on 10 October 2019 at Bilik Seminar, CITra, aimed to confirm courses under their respective clusters. Faculties were tasked with identifying SHE courses within four clusters, recommending lecturers for each course and completing the Malaysian Qualifications Framework (MQF) forms

Third Workshop: Final review of the MQF forms of the developed SHE courses

Held on 5 March 2020 at Bilik Seminar, CITra, this workshop aimed to conduct a final review of the MQF forms for SHE courses collected from all faculties. ASPC also presented the new course codes for SHE courses.

All SHE courses require SENATE approval and are offered under the External Elective Faculty course category starting from the 2020/2021 academic session. The faculty owns the courses, while CITRA monitors their offering and assists with coordination as needed.

SHE CLUSTERS

Aligning SHE courses to the four clusters

When SHE were first designed and implemented in the 2021/2022 academic session, courses were structured around four key clusters, designed to cultivate well-rounded individuals

The FOUR SHE clusters:

1. *Thinking Matters: Mind and Intellect*
2. *Emotional, Physical, and Spiritual Intelligence: Mind, Body & Soul*
3. *Technology/Artificial Intelligence and Data Analytics: i-Techie*
4. *Global Issues and Community Sustainability: Making the World a Better Place*

“ Learn, Lead, Sustain - the Path to Holistic Success ”

Thinking Matters: Mind and Intellect cluster enhances critical thinking, problem-solving, and self-management, helping students build cognitive and analytical skills for academic and professional success.

The *Emotional, Physical, and Spiritual Intelligence: Mind, Body & Soul* cluster promotes holistic personal growth by fostering emotional intelligence, physical well-being, and spiritual balance, encouraging resilience and empathy.

Through *Technology/Artificial Intelligence and Data Analytics: i-Techie*, students gain hands-on experience with digital technologies and problem-solving strategies, driving innovation and teamwork through real-world projects.

Finally, *Global Issues and Community Sustainability: Making the World a Better Place* immerses students in addressing global challenges like sustainability and inequality, fostering leadership, critical thinking, and social responsibility for a better world.

Revision of SHE structure and clusters

Curriculum review exercises are conducted by program owners at scheduled intervals to ensure continuous quality improvement. A University Courses Taskforce, chaired by CITRA, was established in February 2024 to re-evaluate the structure of all University Courses. The newly approved SHE structure, which primarily introduces two new clusters replacing the previous four, will apply to academic programs that have undergone curriculum review and to new academic programs starting from the 2025/2026 session.

The Thinking Matters: Mind & Intellect cluster is combined with the Emotional and Spiritual Intelligence: Heart, Body, and Soul cluster and renamed the Personal Development & Growth: A Better Me cluster.

The Technology/Artificial Intelligence and Data Analytics: i-Techie cluster is discontinued, and courses based on Artificial Intelligence (AI) will be offered as Faculty Core courses.

The Global Issues and Community Sustainability: Making the World a Better Place cluster is retained.

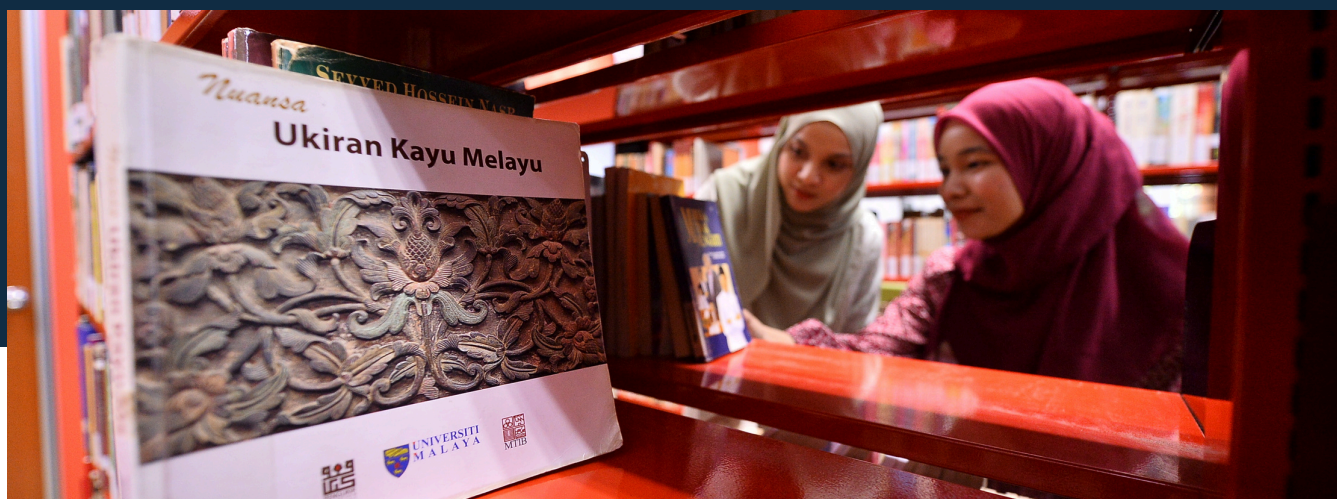

In line with the latest MQA document, Guidelines to Good Practices: Programme Design and Delivery 2023, the Programme Learning Outcome (PLO) and Course Learning Outcome (CLO) for each cluster have been updated and revised accordingly.

The new TWO SHE clusters (applicable to academic programs that have undergone curriculum review and to new academic programs starting from the 2025/2026 session):

SHE 1: Personal Development & Growth – A Better Me

SHE 2: Global Issues & Community Sustainability – Making the World a Better Place

THE OLD & NEW SHE CLUSTERS: SUMMARY

| Old Cluster <i>(Applicable to all academic programmes offered starting academic session 2021/2022)</i> | New Cluster <i>(Applicable to academic programs that have undergone curriculum review and to new academic programs starting from the 2025/2026 academic session)</i> |
|--|--|
| Thinking Matters: Mind and Intellect | Combined and renamed as Personal Development & Growth: A Better Me |
| Emotional, Physical, and Spiritual Intelligence: Mind, Body & Soul | |
| Technology/Artificial Intelligence and Data Analytics: i-Techie | Discontinued under SHE courses. Courses based on Artificial Intelligence (AI) are offered as Faculty Core courses. |
| Global Issues and Community Sustainability: Making the World a Better Place | Retained as Global Issues and Community Sustainability: Making the World a Better Place |

Some courses under the old 4 clusters have been revised, realigned, and mapped to the new 2 clusters. These courses can be registered by students under both the previous and new curriculum.

Students registered on or before the 2025/2026 academic session, or those enrolled in programs that have not undergone a curriculum review during the 2025/2026 academic session, are required to take one course from each old cluster, totaling up to 8 credits.

Students enrolled in new academic programs or programs that have undergone a curriculum review during the 2025/2026 academic session are required to take one course from each new cluster, totaling 4 credits.

*Students should check their program diet with the faculty administrator to ensure they are registered in the correct SHE clusters.

GQX0056 KURSUS INTEGRITI & ANTI RASUAH (KIAR)

In line with the Implementation Letter for the Integrity and Anti-Corruption Course (Surat Pelaksanaan Kursus Integriti dan Antirasuah (KIAR) dated 9 October 2023, KIAR must be offered as a compulsory course at all Higher Education Institutions (HEIs) for new student intakes/cohorts starting from 1 September 2023.

KIAR is mandatory for all students at the Certificate, Diploma, and Bachelor's Degree levels, including both local and international students.

At Universiti Malaya, KIAR has been offered as a SHE course since 2019, even prior to its mandatory implementation by the Ministry of Higher Education. W

With the implementation of the mandatory requirement for students to register for the KIAR course starting 1st September 2023, the management has decided as follows:

- For students admitted in the 2023/2024 academic session and beyond, GQX0056 KIAR is a compulsory course, categorized under the Emotional Cluster as part of the General Studies (MPU) curriculum. In addition, students must complete one SHE course from each of the following clusters: Thinking Matters, I-Techie, and Global.
- For students admitted in the 2022/2023 session and earlier, GQX0056 KIAR was categorized under the Global Cluster, not as part of the General Studies (MPU), and was offered as an elective (not compulsory). These students are still required to complete one SHE course from each of the designated clusters.

COURSE LEARNING OUTCOMES

PREVIOUS
CLUSTERS

CLUSTER 1: THINKING MATTERS: MIND & INTELLECT

Subject Cluster Objectives:

1. To enhance students' critical, analytical and/or evaluation skills e.g. critical thinking, problem-solving, decision-making, etc
2. To enhance students' self-management abilities e.g. time-management, personal finances, project management, etc

Cluster Learning Outcome:

- CLS2: Cognitive skills
- CLS4: Personal skills

CLUSTER 2: EMOTIONAL, PHYSICAL AND SPIRITUAL INTELLIGENCE: HEART, BODY & SOUL

Subject cluster objectives:

1. To develop skills for the management of emotional intelligence, physical literacy and/or spiritual intelligence.
2. To apply emotional, physical and/or spiritual intelligence strategies in daily life

Cluster Learning Outcome:

- CLS4: Personal skills
- CLS5: Ethics & Professionalism

CLUSTER 3: TECHNOLOGY/ARTIFICIAL INTELLIGENCE & DATA ANALYTICS: I-TECHIE

Subject cluster objectives:

1. To provide students with the ability to use digital technologies.
2. To empower students with reasoning and problem solving skills when using technology.

Cluster Learning Outcome:

- CLS2: Cognitive Skills
- CLS3c: Digital and Numeracy Skills

CLUSTER 4: GLOBAL ISSUES AND COMMUNITY SUSTAINABILITY: MAKING THE WORLD A BETTER PLACE

Subject cluster objectives:

1. To empower students with broad knowledge about global issues.
2. To empower students to become socially responsible leaders.

Cluster Learning Outcome:

- CLS1 Knowledge and understanding
- 2. CLS 3D Leadership, Autonomy, Responsibility
- 3. CLS 5 Ethics and Professionalism

COURSE LEARNING OUTCOMES

NEW CLUSTERS

SHE 1: PERSONAL DEVELOPMENT & GROWTH: A BETTER ME

Subject Cluster Objectives:

- 1.To develop students' mindsets for personal development and growth
2. To enhance students' self-management abilities

Cluster Learning Outcome:

- CLS2 Cognitive Skills
- CLS 3B(1) Interpersonal Skills

SHE 2: GLOBAL ISSUES AND COMMUNITY SUSTAINABILITY: MAKING THE WORLD A BETTER PLACE

Subject cluster objectives:

- 1.To empower student with broad knowledge about global issues
2. To empower students to become socially responsible leaders
3. To empower students to approach sustainability challenges with a strong ethical foundation and professional conduct

Cluster Learning Outcome:

- CLS1 Knowledge and understanding
- CLS 3D Leadership, Autonomy, Responsibility
- CLS 5 Ethics and Professionalism

LIST OF SHE COURSES

As of 10th February 2025

CLUSTER 1: THINKING MATTERS: MIND & INTELLECT

| No | Course Code | Course Title | Faculty/Lecturer |
|----|-------------|---|---|
| 1 | GBA0007 | Literasi Digital untuk Kejayaan Pelajar/ <i>Digital Literacy for Student Success</i> | Dr. Asbah Razali (Faculty of Arts and Social Sciences) |
| 2 | GBA0021 | Menghayati Kesusasteraan / <i>Appreciating Literature</i> | Associate Professor Dr. Susan Philip (Faculty of Arts and Social Sciences) |
| 3 | GBA0022 | Ikhtisar Tamadun Eropah/ <i>An Overview of European Civilisation</i> | Akiko Sugiyama (Faculty of Arts and Social Sciences) |
| 4 | GBA0048 | Proses Modenisasi Asia Timur <i>/ Modernization Process of East Asia</i> | Dr. Park Chang Kyoo (Faculty of Arts and Social Sciences) |
| 5 | GBA0049 | Pengantar Tamadun Asia Timur/ <i>Introduction to East Asian Civilization</i> | Dr. Park Chang Kyoo (Faculty of Arts and Social Sciences) |
| 6 | GBAA0039 | Perancangan Kewangan Peribadi Menurut Perspektif Islam / <i>Personal Financial Planning from Islamic Perspective</i> | Dr. Wan Marhaini Wan Ahmad (Faculty of Business and Economics) |
| 7 | GBB0031 | Pemikiran Reka Bentuk / <i>Design Thinking</i> | Sr Dr. Raha Binti Sulaiman (Faculty of Built Environment) |
