

We are pleased to inform you that **ROSADO TRADELINE SDN BHD** as offered an internship opportunity to highly motivated and enthusiastic UM students. For more details, please refer below:

Internship Duration & Location:

Duration: 6 months (Start date is flexible according to university requirements)

Location: No. 16-2, Jalan Damai Utama 3, Taman Damai Utama, 47180 Puchong, Selangor

ROSADO, incorporated in Malaysia in June 1995, specializes in civil engineering, building construction, and mechanical and electrical works. The company offers pre-construction engineering consulting, procures materials and equipment through its Group, and handles platform construction and installation. ROSADO is expanding into high-voltage power substations and renewable energy, particularly solar power, reflecting a trend of diversifying into both traditional and sustainable energy sources..

Offered Training Fields:

- Electrical / Power / Substation (Project Management Support)

Student Requirements:

Job Requirements

- Student in Electrical / Power / Project Management Engineering (Degree or Masters).
- Basic knowledge of power systems or substations is preferred, but not required.
- Comfortable using MS Office (Word, Excel, PowerPoint).
- Willing to learn, organized, and good at communication.

Thank you and we wish you all the best!

Interested candidates may submit a resume, cover letter, and academic transcripts via email to hr@rosado.my
