Due to ongoing growth, Radius Business Solutions, a leading global fleet management company, are looking for an Intern to join our team at our office in Kuala Lumpur, Malaysia. In this role, you will be assisting our team with daily operations and ad-hoc projects while we sell our fuel cards / telematics into the Malaysia / Singapore market and will enjoy a varied role with fantastic opportunities to progress and develop your career.

Why choose Radius?

- Fast growing, global company with over 2,800 employees across 5 continents
- Innovative, technology driven culture.
- Fantastic opportunities for ongoing development, training, and career progression.
- Secondment opportunities to work in our international offices (for full-time employees).

What will you be doing as an Intern?

- Assisting on team projects for Malaysia and Singapore.
- Manage daily operations while learning from a Senior.
- Study and analyse the Fuel Card Market in Malaysia / Singapore.
- Working closely with the management team and other full-time employees.
- Support on customer services.

What experience/skills/attributes do you need?

- Diploma/Degree in any field, preferably final year student.
- Good analytical skills.
- Basic Microsoft Excel skill is required.
- Self-motivated and self-disciplined (including good timekeeping).
- First-rate communications skills; demonstrating confidence.

- Ability to work successfully as part of a team.
- Ability to listen and articulate in all communication.
- Adapt well to a changing environment.
- **What benefits do we offer?**
- Excellent training and coaching.
- Opportunities for full-time employment upon graduation.
- Secondment opportunities to work in our international offices (for Full-Time Employees)
